LETTER OF DEFICIENCY #WSEB 03-006

Certified Mail #7099 3400 0003 0689 4884

Louis Chani
Olde Road Steak House
390 Daniel Webster Highway
Bedford, NH 03102

Subject: Bedford - Public Water System: Olde Road II (EPA #0198010)

Dear Mr. Chani

The records of the NH Department of Environmental Services (DES) show that Olde Road II water system is classified as a public water system (PWS), as defined by RSA 485:1-a. A PWS is defined as any water system supplying 15 or more services, or 25 or more people for 60 or more days per year. As such, the water system owner is required to submit chemical samples according to the system's established sampling schedule to the State laboratory or a State-certified laboratory in compliance with NH Administrative Rule Env-Ws 326. Pursuant to Env-Ws 351, the failure to submit a chemical sample within the assigned sampling quarter requires that public notice of such failure be given to all consumers.

DES records show that the subject water system failed to submit the following chemical sample results within the assigned sampling quarter for the following monitoring period (calendar quarter):

Second Quarter 2002 – Nitrates and Nitrites

On August 15, 2002, DES issued a Notice of Violation (NOV - copy enclosed) to the water system for the failure to submit the chemical samples during the assigned quarter. The NOV requested the water system to submit "make-up" chemical samples and to perform public notice of the violations pursuant to Env-Ws 351. The results of the "make-up" samples have been received by DES. To date, however, proof that public notice of the violations were performed has not been received by DES, thus placing the water system in violation of Env-Ws 351.

DES believes the public notice deficiency can be corrected by taking the following actions:

By February 10, 2003, provide public notice of the failure to submit the Second Quarter 2002 Nitrate and Nitrite samples, as specified on the enclosed form; and

Letter of Deficiency #WSEB 03-006

Olde Road II

January 27, 2003

Page 2 of 2

2. **By February 24, 2003**, provide proof of public notice to DES, as specified on the enclosed form.

In the event compliance is not achieved within this period, DES may take further enforcement action. These actions include issuing an order requiring the deficiencies to be corrected, initiating an administrative fine proceeding, and/or referring the matter to the NH Department of Justice for imposition of appropriate penalties.

The proof of public notice as requested above should be addressed as follows or faxed to (603) 271-5171:

Jeanne D. Lawson
Department of Environmental Services
Water Supply Engineering Bureau
6 Hazen Drive, PO Box 95
Concord, NH 03302-0095

Please contact Jeanne Lawson at (603) 271-6703 or by email at jlawson@des.state.nh.us, if you have any questions regarding this letter.

Sincerely,

COPY

Anthony P. Giunta, P.G., Administrator
